Title:	**Progress Report for Korean TF**	

Abstract:

This document describes the current activities of Korean TF(Task Force) since the BPWG F2F meeting in Seoul, Korea on March 2008, and talking about future plans for TF.

1. Introduction

The purpose of the Korean TF is to deliver the Korean inputs for current ongoing MWBP documents in order to avoid the fragmentation of MWBP standards. The charter of Korean TF was agreed during the BPWG call of 27 March 2008.

- Task Force Leader: Seungyun Lee (ETRI)

- Members:
  - Jonathan Jeon (ETRI), Jeongwhe Goo (Samsung Electronics), JaeKyung Shin (NHN), SoonIL Cha (TTA), Sunghan Kim(ETRI), MyungJin Lee (MW2.0 Forum)
- Mailing-list: public-bpwg-korean@w3.org (language: Korean and English)
  - http://lists.w3.org/Archives/Public/public-bpwg-korean/

- Web Page:
  - http://www.w3.org/2005/MWI/BPWG/Group/TaskForces/Korean/
  - http://www.mw2.or.kr/KoreanTF/

2. Objectives

The Korean TF is:

- being governed by the agreements set forth in the BPWG regarding Task Forces;

- to define the problem statement and requirements relating to the scope of its work;

- to develop the gap analysis document to the W3C MWBP documents from the view point of Korean perspective to make sure the relevant standards in worldwide;

- to identify and propose the new work items for future of W3C MWBP to support more advanced environment in various mobile web 2.0 perspectives not covered by MWBP documents;

- to provide the report of mobileOK trial service project in Korea.

3. Document/ Deliverables

Outputs from the Korean TF include:

Contact:	Jong-Hong Jeon	Tel: +82 42 860 5333
		Fax: +82 42 861 5404
		Email: hollobit@etri.re.kr
