

PNG WG Meeting Minutes

Oct 31st, 2022

Attendees:

(Alphabetical order, black text means attended, **red text** means missed.)

Chris Blume

Chris Lilley

Chris Seeger

Leonard Rosenthol

Pierre-Anthony Lemieux

Topics & Minutes:

- Next steps in [recommendation pipeline](#) & required preparations.
 - Wide review required for CR (main focus)
 - Inform other groups (ISO?)
 - Have tests in place for new additions
 - Are any features at risk?
- HDR metadata would be useful and isn't part of CICP.
 - Perhaps a new chunk that is only used with HDR.
 - If the image is NOT HDR, the new chunk should not be present.
- Does daylight savings affect our ideal meeting time?
 - Some countries have already adjusted for daylight savings. Maybe today's meeting will be affected but future meetings won't.

Action Items:

- CB to apply auto-formatter, carried over from the last meeting.
- CB to double check that wide review has been initiated.
- PAL to liaison to ISO.
- CB to look into WPT.
- CB to contact Chris Cameron to ask about HDR mastering metadata to improve canvas rendering accuracy. Follow up with the rest of the group for a wider discussion.
