

PNG WG Meeting Minutes

Apr 1st, 2024

Attendees:

(Alphabetical order)

Chris Blume

Chris Seeger

Pierre-Anthony Lemieux

Topics & Minutes:

- What is required to finish Third Edition?
 - Land [GitHub issue 387](#) (MaxCLL & MaxFALL examples)
 - Write implementation report
 - Is [GitHub issue 428](#) a problem? (latest H.273 not free)
 - Addressed, should be fine
 - Is [GitHub issue 405](#) a problem? (inconsistent terminology)
 - Cleanup, does not block Third Edition. Needs someone who can work on it, but isn't urgent.
 - Should we try to address [GitHub issue 443](#) before finishing? (redundant color space precedent wording)

Action Items:

- CB to finish cICP libpng patches
- CB to finish [GitHub issue 308](#)
- CB to check that CL is assigned writing the implementation report
- CS to work on [GitHub issue 405](#)
- PAL to inform ISO once the new snapshot is ready
 - CB to inform PAL once the new snapshot is ready
 - Check with CL about timing
