

Bug Keyword State diagram

1. All comments and proposals MUST be added to bug and MAY be sent to the public list.
2. Editors MUST select bugs first based on the date of the target milestone and then by priority within that milestone.
3. Editors MAY work on bugs that have not been assigned a target milestone after all bugs have been fixed for the upcoming target.
4. Editors MUST NOT work on bugs assigned to a future target milestone beyond the upcoming target.
5. Target milestone MAY be set at any time prior to entering the 'editorial' state but is not required to be set.
