Dear Prof. Swire,
Dear Mr. Schunter,

Please find attached a Working Paper on Privacy in Web Tracking adopted by the International Working Group on Data Protection in Telecommunications (the "Berlin Group") which I am chairing at its last meeting in April Prague (Czech Republic). A copy of the Working Paper will also be send to the chair of the W3C Tracking Protection Working Group. I would be grateful if your organisation could take the recommendations made in the paper into account in the future work on web tracking.

I also attach my recent corresponding press statement for your information (in German).

I would be grateful if you could distribute this letter, the Working Paper and the press statement to the other members of your Working Group. Thank you very much in advance.

I remain at your disposal for any further questions you might have on the matter.

Yours sincerely,

Alexander Dix
