

# TD Restructuring

## Web Meeting, 09. November 2016

[sebastian.kaebisch@siemens.com](mailto:sebastian.kaebisch@siemens.com)

# Agenda

- 1) Logistics
- 2) Open issues (keep or close it?)
- 3) Overview about resolved and closed issues
- 4) Volunteers for CP
- 5) Next steps

# Logistics & Updates

- Web Meeting each Wednesday 9-10:30 am (CEST)
- IRC: #wot-td
- this Web meeting is scheduled until 9. November
  - setup current practice document
  - enough time for implementation and F-Interop for next plugfest
- Add your proposals as pull request in <https://github.com/w3c/wot/tree/master/proposals/td-restructuring>
- Use github for issue and proposal discussion <https://github.com/w3c/wot/issues>
- resolved issues will be closed
  - closed issue will be memorized if there is an impact on the current practice document by using this issue <https://github.com/w3c/wot/issues/262>

# Open Issues I/II

- Properties vs. Actions  
<https://github.com/w3c/wot/issues/247>
- Compound properties  
<https://github.com/w3c/wot/issues/256>
- Separating discussion of requirements from serialization formats  
<https://github.com/w3c/wot/issues/257>

# Open Issues II/II

- Allow the definition of resource parameters in TD

<https://github.com/w3c/wot/issues/264>

- Fields for interface generation (e.g. UI, dashboards, IDE): description, icon

<https://github.com/w3c/wot/issues/263>

# Resolved and Closed Issues

- Please see

<https://github.com/w3c/wot/issues/262>

# Volunteers Needed

- Volunteers for the WoT Current Practices document?
- As editor and /or reviewer

# Next Steps

- Keep this time slot for TD related topics?
- Weekly or bi-weekly or on demand?
