

## ***WS-ResourceTransfer Feedback Workshop – December 06 2006***

The authors of the WS-ResourceTransfer specifications are hosting a one-day Feedback Workshop on **Wednesday, December 06<sup>th</sup>**, from 4pm to 6pm Pacific time.

Note that in order to attend this event, **the attached feedback agreement MUST be reviewed and signed by each attendee** - either before or at the workshop event. The purpose of the feedback agreement is to ensure that everyone involved in influencing the specifications is committed to keeping the specification royalty-free.

The feedback workshop is an ad-hoc, open forum for companies who have interest in the WS-ResourceTransfer specifications published in August 2006 and available at <http://schemas.xmlsoap.org/ws/2006/08/resourceTransfer/WS-ResourceTransfer.pdf>

This workshop will be held at HP's offices in Cupertino, CA. See below and the attached document for location details.

Refreshments will be provided, but participants will be responsible for their own dinner arrangements.

As with previous workshops, these events are open to anyone who desires to participate.

If you are interested in participating, please reply to William Vambenepe ([vbp@hp.com](mailto:vbp@hp.com))

**A signed feedback agreement will also need to be faxed to William Vambenepe at (281) 927-5878.**

Feel free to pass this invitation along, either in your company or elsewhere. This is an open forum. No invitation is required, but an **RSVP** on or before Nov 22 2006 is appreciated by the event hosts to facilitate accurate logistics planning. The list of attendees and general workshop results will be made public after the workshop.

Thank you and we look forward to your participation.

HP, IBM, Intel, Microsoft
